Consult a doctor. Remove casualty from exposure ensuring one's own safety whilst doing so. Most important symptoms and effects, both acute and delayed There may be irritation and redness at the site of contact. There may be irritation and redness. The eyes may water profusely. There may be soreness and redness of the mouth and throat. There may be irritation of the throat with a feeling of tightness in the chest. Exposure may cause coughing or wheezing. Delaved / immediate effects Immediate effects can be expected after short-term exposure. Indication of any immediate medical attention and special treatment needed Immediate / special treatment Eye bathing equipment should be available on the premises. Fire-fighting measures Extinguishing media Suitable extinguishing media for the surrounding fire should be used. Special hazards arising from the substance or mixture Exposure hazards In combustion emits toxic fumes. Advice for fire-fighters Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes. _____ Accidental release measures Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Reference to other sections Refer to section 8 of SDS Handling and storage Precautions for safe handling Handling requirements Ensure there is sufficient ventilation of the area. Do not handle in a confined space. Avoid the formation or spread of dust in the air. Avoid direct contact with the substance.

7.2 Conditions for safe storage, including any incompatibilities Storage conditions

Store in cool, well ventilated area. Keep container tightly closed. Avoid contact with water or humidity.

Specific end use(s) 7.3

	Not applicable.				
8.2	Exposure controls Engineering measures Ensure there is sufficient ventilation of the area. Respiratory protection Respiratory protective device with particle filter. Self- contained breathing apparatus must be available in case of emergency. Hand protection Protective gloves. Eye protection Safety glasses. Ensure eye bath is to hand. Skin protection Protective clothing.				
9.0	Physical and chemical properties				
9.1	Information on basic physical and chemical properties				
	Physical Form:				
	Colour:				
9.2	Other information				
	Not applicable.				
10.0	Stability and reactivity				
10.1	Reactivity				
10.2	Chemical stability				
	Stable under normal conditions.				
10.3	Possibility of hazardous reactions				
	Hazardous reactions				
	Hazardous reactions will not occur under normal transport or storage conditions. Decomposition may occur on exposure to conditions or materials listed below.				
10.4	Conditions to avoid				
	Heat.				
10.5	Incompatible materials				
	Materials to avoid				
	Strong acids. Strong oxidising agents.				
11.0	Toxicological information				
11.1	Information on toxicological effects				
	Toxicity values Not applicable.				
11.2	Information on toxicological effects				
11.2	Skin contact				
	There may be irritation and redness at the site of contact.				
	Eye contact				
	There may be irritation and redness. The eyes may water profusely.				
	Ingestion				
	There may be soreness and redness of the mouth and throat.				
	Inhalation				
	There may be irritation of the throat with a feeling of tightness in the chest. Exposure may cause coughing or wheezing.				
	Delayed / immediate effects				
	Immediate effects can be expected after short-term exposure.

12.0	Ecological information				
12.1	Toxicity				
	Not applicable.				
12.2	Persistence and degradability				
	Biodegradable.				
12.3	Bioaccumulative potential				
	No bioaccumulation potential.				
12.4	Mobility in soil				
	No data available.				
12.5	Results of PBT and vPvB assessment				
	This substance is not identified as a PBT substance.				
12.6	Endocrine disrupting properties				
	Negligible ecotoxicity.				
13.0	Disposal considerations				
13.1	Waste treatment methods				
	Disposal operations				
	Transfer to a suitable container and arrange for collection by specialised disposal company.				
	NB				
	The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.				
14.0	Transport information				
	This product does not require a classification for transport.				
15.0	Regulatory information				
	Safety, health and environmental regulations/legislation specific for the substance or mixture				
	Not applicable.				
	Chemical Safety Assessment				
	A chemical safety assessment has not been carried out for the substance or the mixture by the supplier.				
16.0	Other information				
	Other information				

This safety data sheet is prepared in accordance with Commission Regulation (EU) No 453/2010.
