

## Product Datasheet

### GA0385 - Sulfamethizole

#### Product Details

|                    |                                                    |
|--------------------|----------------------------------------------------|
| Product Name       | Sulfamethizole                                     |
| Glentham Code      | GA0385                                             |
| CAS Number         | 144-82-1                                           |
| PubChem SID        | 310280384                                          |
| Related Categories | APIs, Antibiotics, Biochemicals,<br>Antimicrobials |

#### Structure

|                   |                        |
|-------------------|------------------------|
| Molecular Weight  | : 270.33               |
| Molecular Formula | : $C_9H_{10}N_4O_2S_2$ |

#### Storage

Recommended storage temperature: +4°C.

#### Hazards and Transport

|                                            |                                                                                     |
|--------------------------------------------|-------------------------------------------------------------------------------------|
| Not classified as dangerous for transport. |                                                                                     |
| CLP Classification                         | Skin Sens. 1                                                                        |
| Signal Word                                | Achtung                                                                             |
| Hazard Codes                               | H317                                                                                |
| Precautionary Codes                        | P280                                                                                |
| Pictograms                                 |  |

#### Glentham Product Specification

|                      |                             |
|----------------------|-----------------------------|
| Physical Description | : White to off-white powder |
| Assay (HPLC)         | : $\geq 98.0\%$             |
| Version              | : v1.0                      |
