

Product Datasheet

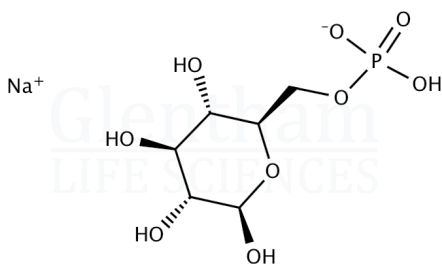

GC0472 - D-Glucose-6-phosphate monosodium salt

Product Details

Product Name	D-Glucose-6-phosphate monosodium salt
Glenthams Code	GC0472
CAS Number	54010-71-8
EINECS	258-921-0
MDL-Nummer	MFCD00006611
PubChem SID	310274199
Related Categories	Carbohydrates, Core Carbohydrates, Biochemicals

Structure

Molecular Weight : 282.12
Molecular Formula : $C_6H_{12}NaO_9P$

Storage

Recommended storage temperature: +20°C.

Hazards and Transport

Not classified as hazardous under CLP.
Not classified as dangerous for transport.

Glenthams Product Specification

Physical Description	: White to off-white crystalline powder
Water (KF)	: $\leq 2.0\%$
Assay (Titration)	: $\geq 97\%$
Version	: v1.0

About D-Glucose-6-phosphate monosodium salt

No further details on record.
