

## Product Datasheet

### GC4603 - D-(+)-Galactosamine hydrochloride

#### Product Details

|                    |                                                          |
|--------------------|----------------------------------------------------------|
| Product Name       | D-(+)-Galactosamine<br>hydrochloride                     |
| Glenthams Code     | GC4603                                                   |
| CAS Number         | 1772-03-8                                                |
| EINECS             | 217-198-1                                                |
| MDL-Nummer         | MFCD00135830                                             |
| PubChem SID        | 310274026                                                |
| Related Categories | APIs, Carbohydrates, Core<br>Carbohydrates, Biochemicals |

#### Glenthams Product Specification

|                      |                             |
|----------------------|-----------------------------|
| Physical Description | : White to off-white powder |
| Assay                | : $\geq 98.0\%$             |
| Version              | : v1.0                      |

#### About D-(+)-Galactosamine hydrochloride

No further details on record.

#### Structure

Molecular Weight : 215.64  
Molecular Formula :  $C_6H_{13}NO_5 \cdot HCl$

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

Not classified as hazardous under CLP.  
Not classified as dangerous for transport.
