

## Product Specification

|                |                                      |
|----------------|--------------------------------------|
| Product Name   | N6-(1-Deoxy-D-fructos-1-yl)-L-lysine |
| Glenthams Code | GC6677                               |
| CAS Number     | 21291-40-7                           |

|                   |                      |
|-------------------|----------------------|
| Molecular Weight  | 308.33               |
| Molecular Formula | $C_{12}H_{24}N_2O_7$ |
| Storage Temp.     | +4°C                 |

| Property                | Specification           |
|-------------------------|-------------------------|
| Physical Description    | Beige powder            |
| Identification (1H-NMR) | To conform to structure |
| Purity (NMR)            | ≥ 95%                   |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2024-08-28 |

Glenthams Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glenthams.com](http://www.glenthams.com) or contact us using the details above for the current version of this document.
