

## Product Datasheet

### GC9934 - Uridine 5''-diphosphate disodium salt

Precautionary Codes

P260, P280, P308+P313,  
P301+P310

Pictograms

#### Product Details

|                    |                                          |
|--------------------|------------------------------------------|
| Product Name       | Uridine 5''-diphosphate<br>disodium salt |
| Glentham Code      | GC9934                                   |
| CAS Number         | 21931-53-3                               |
| MDL-Nummer         | MFCD00006524                             |
| Zusätzliche CAS    | 27821-45-0                               |
| PubChem SID        | 310281593                                |
| Related Categories | Nucleosides & Nucleotides                |

#### Glentham Product Specification

|                           |                                              |
|---------------------------|----------------------------------------------|
| Physical Description      | : White to off-white powder                  |
| Solubility (10% in water) | : Clear, colourless to faint yellow solution |
| Water                     | : ≤ 15.0%                                    |
| Assay (HPLC)              | : ≥ 97.0%                                    |
| Version                   | : v1.0                                       |

#### Structure

|                   |                               |
|-------------------|-------------------------------|
| Molecular Weight  | : 448.12                      |
| Molecular Formula | : $C_9H_{12}N_2Na_2O_{12}P_2$ |

#### About Uridine 5''-diphosphate disodium salt

No further details on record.

#### Storage

Recommended storage temperature: -20°C.

#### Hazards and Transport

|                                            |                         |
|--------------------------------------------|-------------------------|
| Not classified as dangerous for transport. |                         |
| CLP Classification                         | STOT SE 2, Acute Tox. 4 |
| Signal Word                                | Achtung                 |
| Hazard Codes                               | H371, H302              |
