

## Product Specification

|               |                                |
|---------------|--------------------------------|
| Product Name  | Methoxypolyethylene glycol 750 |
| Glentham Code | GD5705                         |
| CAS Number    | 9004-74-4                      |

|                   |                                                   |
|-------------------|---------------------------------------------------|
| Molecular Weight  | 715-785                                           |
| Molecular Formula | $\text{CH}_3(\text{OCH}_2\text{CH}_2)_n\text{OH}$ |
| Storage Temp.     | +20°C                                             |

| Property             | Specification               |
|----------------------|-----------------------------|
| Physical Description | White to light yellow paste |
| pH (1% solution)     | 5.0 - 7.0                   |
| Water                | $\leq 1.0\%$                |
| Hydroxyl Value       | 68 - 83 mgKOH/g             |

|                       |   |            |
|-----------------------|---|------------|
| Specification Version | - | v1.0       |
| Date Created          | - | 2021-07-22 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
