

## Product Specification

|               |                   |
|---------------|-------------------|
| Product Name  | 4-Hexylresorcinol |
| Glentham Code | GK9325            |
| CAS Number    | 136-77-6          |
| EINECS        | 205-257-4         |
| MDL-Nummer    | MFCD00002284      |
| PubChem SID   | 310274605         |

|                   |                                                |
|-------------------|------------------------------------------------|
| Molecular Weight  | 194.27                                         |
| Molecular Formula | C <sub>12</sub> H <sub>18</sub> O <sub>2</sub> |
| Storage Temp.     | +20°C                                          |

| Property                    | Specification                              |
|-----------------------------|--------------------------------------------|
| Physical Description        | White, off-white or pale brown-pink powder |
| Solubility (5% in methanol) | Clear to very faintly turbid solution      |
| Melting Point               | 62 - 69 °C                                 |
| Assay                       | ≥ 98.0%                                    |

|                       |   |            |
|-----------------------|---|------------|
| Specification Version | - | v1.0       |
| Date Created          | - | 2017-01-24 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
