

## Product Specification

|               |                            |
|---------------|----------------------------|
| Product Name  | 6-Methoxy-8-nitroquinoline |
| Glentham Code | GK9884                     |
| CAS Number    | 85-81-4                    |
| PubChem SID   | 310276334                  |

|                   |                   |
|-------------------|-------------------|
| Molecular Weight  | 204.18            |
| Molecular Formula | $C_{10}H_8N_2O_3$ |
| Storage Temp.     | +20°C             |

| Property             | Specification                             |
|----------------------|-------------------------------------------|
| Physical Description | Light-yellow to yellow crystalline powder |
| Melting Point        | 158 - 162 °C                              |
| Assay (HPLC)         | ≥ 99.0%                                   |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2017-06-22 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
