#### Product Details

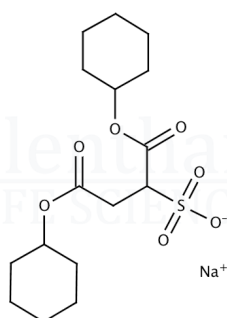

|                    |                                         |
|--------------------|-----------------------------------------|
| Product Name       | Dicyclohexyl sulfosuccinate sodium salt |
| Glentham Code      | GL3653                                  |
| CAS Number         | 23386-52-9                              |
| MDL-Nummer         | MFCD01745030                            |
| PubChem SID        | 310271545                               |
| Related Categories | Detergents                              |

#### Glentham Product Specification

|                      |                             |
|----------------------|-----------------------------|
| Physical Description | : White to off-white powder |
| Assay                | : $\geq 98.0\%$             |
| Version              | : v1.0                      |

#### Structure

|                   |                        |
|-------------------|------------------------|
| Molecular Weight  | : 384.42               |
| Molecular Formula | : $C_{16}H_{25}NaO_7S$ |

#### About Dicyclohexyl sulfosuccinate sodium salt

No further details on record.

#### Storage

Recommended storage temperature: .

#### Hazards and Transport

|                                            |                                             |
|--------------------------------------------|---------------------------------------------|
| Not classified as dangerous for transport. |                                             |
| CLP Classification                         | Skin Irr. 2, Aquatic Chronic 3, Eye Irr. 2A |
| Signal Word                                | Achtung                                     |
| Hazard Codes                               | H315, H412, H319                            |
