

## Product Specification

|                   |                                                                     |
|-------------------|---------------------------------------------------------------------|
| Product Name      | Pentaethylene glycol monododecyl ether                              |
| Glentham Code     | GL5817                                                              |
| CAS Number        | 3055-95-6                                                           |
| EINECS            | 221-281-8                                                           |
| MDL-Nummer        | MFCD00043064                                                        |
| PubChem SID       | 310278598                                                           |
| Molecular Weight  | 406.60                                                              |
| Molecular Formula | $\text{CH}_3(\text{CH}_2)_{11}(\text{OCH}_2\text{CH}_2)_5\text{OH}$ |
| Storage Temp.     | -20°C                                                               |

| Property                         | Specification                                   |
|----------------------------------|-------------------------------------------------|
| Physical Description             | Colourless or white solid, semi-solid or liquid |
| Solubility (5% in ethyl acetate) | Clear, colourless solution                      |
| Purity (GC)                      | ≥ 98.0%                                         |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2020-01-24 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
