

## Product Datasheet

### GL8837 - Calcium lactate, anhydrous

#### Product Details

|                 |                                  |
|-----------------|----------------------------------|
| Product Name    | Calcium lactate, anhydrous       |
| Glentham Code   | GL8837                           |
| CAS Number      | 814-80-2                         |
| MDL-Nummer      | MFCD00287281 (5H <sub>2</sub> O) |
| PubChem SID     | 310269218                        |
| Zusätzliche CAS | 28305-25-1 (5H <sub>2</sub> O)   |
| Zusätzliche CAS | 5743-47-5                        |
| Zusätzliche CAS | 41372-22-9 (xH <sub>2</sub> O)   |

|                      |                  |
|----------------------|------------------|
| Physical Description | : White powder   |
| Identification       | : To pass tests  |
| Acidity              | : ≤ 0.45%        |
| Assay                | : 98.0 - 101.0 % |
| Version              | : v1.0           |

#### About Calcium lactate, anhydrous

No further details on record.

#### Structure

|                   |                                                   |
|-------------------|---------------------------------------------------|
| Molecular Weight  | : 218.22                                          |
| Molecular Formula | : C <sub>6</sub> H <sub>10</sub> CaO <sub>6</sub> |

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

Not classified as hazardous under CLP.  
Not classified as dangerous for transport.
