

## Product Datasheet

### GM3209 - Gly-Ala

#### Product Details

|                    |                        |
|--------------------|------------------------|
| Product Name       | Gly-Ala                |
| Glenthams Code     | GM3209                 |
| CAS Number         | 3695-73-6              |
| EINECS             | 223-019-8              |
| PubChem SID        | 310274252              |
| MDL-Nummer         | MFCD00065112           |
| Related Categories | Amino Acid Derivatives |

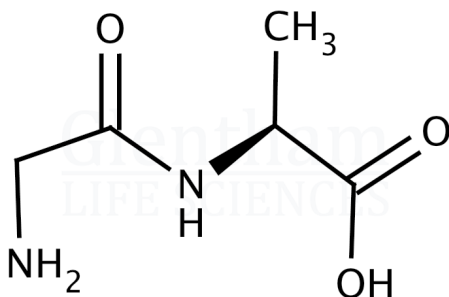

|                                                           |                                |
|-----------------------------------------------------------|--------------------------------|
| Identification (IR)                                       | : To conform to standard       |
| Specific Optical Rotation ([ $\alpha$ ] <sub>20/D</sub> ) | : -48.0 - -52.0 ° (c=2, water) |
| Assay (Titration)                                         | : ≥ 97.0%                      |
| Version                                                   | : v1.0                         |

#### About Gly-Ala

No further details on record.

#### Structure

|                   |                                                                |
|-------------------|----------------------------------------------------------------|
| Molecular Weight  | : 146.14                                                       |
| Molecular Formula | : C <sub>5</sub> H <sub>10</sub> N <sub>2</sub> O <sub>3</sub> |

#### Storage

Recommended storage temperature: +4°C.

#### Hazards and Transport

Not classified as hazardous under CLP.  
Not classified as dangerous for transport.

#### Glenthams Product Specification

|                      |                                         |
|----------------------|-----------------------------------------|
| Physical Description | : White to off-white powder or crystals |
|----------------------|-----------------------------------------|
