

## Product Datasheet

### GM6647 - L-Leucine methyl ester hydrochloride

#### Product Details

|                    |                                         |
|--------------------|-----------------------------------------|
| Product Name       | L-Leucine methyl ester<br>hydrochloride |
| Glenthams Code     | GM6647                                  |
| CAS Number         | 7517-19-3                               |
| EINECS             | 231-375-0                               |
| MDL-Nummer         | MFCDD00012494                           |
| PubChem SID        | 310275752                               |
| Related Categories | Amino Acids, Biochemicals               |

|                          |                                                     |
|--------------------------|-----------------------------------------------------|
| Physical Description     | : White or almost white powder or crystals          |
| Solubility (5% in water) | : Clear to very faintly turbid, colourless solution |
| Melting Point            | : 145 - 155 °C                                      |
| Assay                    | : 97.5 - 102.5 %                                    |
| Version                  | : v1.0                                              |

#### About L-Leucine methyl ester hydrochloride

No further details on record.

#### Structure

|                   |                             |
|-------------------|-----------------------------|
| Molecular Weight  | : 181.66                    |
| Molecular Formula | : $C_7H_{15}NO_2 \cdot HCl$ |

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

Not classified as hazardous under CLP.  
Not classified as dangerous for transport.
