

## Product Specification

|                   |                                           |
|-------------------|-------------------------------------------|
| Product Name      | 9-Aminoacridine hydrochloride monohydrate |
| Glentham Code     | GP6992                                    |
| CAS Number        | 52417-22-8                                |
| EINECS            | 205-145-5                                 |
| MDL-Nummer        | MFCD00150071                              |
| PubChem SID       | 310266491                                 |
| Zusätzliche CAS   | 90-45-9 (non-salt)                        |
| Molecular Weight  | 230.69 (anhydrous)                        |
| Molecular Formula | $C_{13}H_{10}N_2 \cdot HCl \cdot H_2O$    |
| Storage Temp.     | +20°C                                     |

| Property             | Specification                                  |
|----------------------|------------------------------------------------|
| Physical Description | Pale yellow to yellow-green crystalline powder |
| Loss on Drying       | 3.0 - 8.0 %                                    |
| Assay                | ≥ 98.0%                                        |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.1       |
| Date Created          | - 2018-10-25 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
