

## Product Specification

|                   |                                                               |
|-------------------|---------------------------------------------------------------|
| Product Name      | Amlexanox                                                     |
| Glentham Code     | GP9065                                                        |
| CAS Number        | 68302-57-8                                                    |
| MDL-Nummer        | MFCD00864790                                                  |
| PubChem SID       | 310266767                                                     |
| Molecular Weight  | 298.29                                                        |
| Molecular Formula | C <sub>16</sub> H <sub>14</sub> N <sub>2</sub> O <sub>4</sub> |
| Storage Temp.     | -20°C                                                         |

| Property              | Specification             |
|-----------------------|---------------------------|
| Physical Description  | White to off-white powder |
| Heavy Metals          | ≤ 10ppm                   |
| Loss on Drying        | ≤ 1.0%                    |
| Assay                 | ≥ 99.0%                   |
| Specification Version | - v1.0                    |
| Date Created          | - 2013-10-18              |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
