

## Product Datasheet

### GS8310 - Triethylamine, GlenDry™, anhydrous

#### Product Details

|                    |                                    |
|--------------------|------------------------------------|
| Product Name       | Triethylamine, GlenDry™, anhydrous |
| Glenthams Code     | GS8310                             |
| CAS Number         | 121-44-8                           |
| EINECS             | 204-469-4                          |
| Related Categories | Solvents, Organics, Organic Bases  |

#### Structure

|                   |                                    |
|-------------------|------------------------------------|
| Molecular Weight  | : 101.19                           |
| Molecular Formula | : C <sub>6</sub> H <sub>15</sub> N |

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

|                    |                                                                                             |
|--------------------|---------------------------------------------------------------------------------------------|
| CLP Classification | Acute Tox. 3, Skin Corr. 1A, Acute Tox. 3, Flam. Liq. 2, STOT SE 3, STOT SE 3, Acute Tox. 4 |
| Signal Word        | Gefahr                                                                                      |
| Hazard Codes       | H311, H314, H331, H225, H335, H336, H302                                                    |

#### Precautionary Codes

P280, P303+P361+P353, P210, P305+P351+P338, P370+P378, P261

#### Pictograms

#### UN Number, Class, PG (RID)

UN1296 - 3 (8) - PG II

#### Glenthams Product Specification

|                        |                            |
|------------------------|----------------------------|
| Physical Description   | : Clear, colourless liquid |
| Water                  | : ≤ 0.005%                 |
| Residue on Evaporation | : ≤ 0.0005%                |
| Assay                  | : ≥ 99.8%                  |
| Version                | : v1.0                     |
