

## Product Specification

|                   |                                                      |
|-------------------|------------------------------------------------------|
| Product Name      | Gallium(III) nitrate hydrate                         |
| Glentham Code     | GX2655                                               |
| CAS Number        | 69365-72-6                                           |
| EINECS            | 236-815-5                                            |
| MDL-Nummer        | MFCD00149723                                         |
| Molecular Weight  | 255.74 (anhydrous)                                   |
| Molecular Formula | $\text{Ga}(\text{NO}_3)_3 \cdot x\text{H}_2\text{O}$ |
| Storage Temp.     | +20°C                                                |

| Property             | Specification            |
|----------------------|--------------------------|
| Physical Description | White crystalline powder |
| Purity               | ≥ 99.9%                  |
| Metal Analysis       | Reported                 |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2015-12-07 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
