

## Certificate of Analysis

|                 |                            |
|-----------------|----------------------------|
| Product Name    | Menadione sodium bisulfite |
| Glentham Code   | GA0934                     |
| CAS Number      | 130-37-0                   |
| EINECS          | 204-987-0                  |
| MDL-Nummer      | MFCD00051456               |
| PubChem SID     | 310276109                  |
| Zusätzliche CAS | 57414-02-5                 |
| Batch Number    | 316HQN                     |

|                   |                                                   |
|-------------------|---------------------------------------------------|
| Molecular Weight  | 276.24                                            |
| Molecular Formula | C <sub>11</sub> H <sub>9</sub> NaO <sub>5</sub> S |
| Storage Temp.     | -20°C                                             |

| Property                 | Specification                              | Batch 316HQN               |
|--------------------------|--------------------------------------------|----------------------------|
| Physical Description     | White to off-white crystalline powder      | White powder               |
| Solubility (5% in water) | Clear, colourless to light yellow solution | Clear, colourless solution |
| Water (KF)               | ≤ 15.0%                                    | 12.0%                      |
| Assay                    | ≥ 95.0%                                    | 100.0%                     |

|                       |            |
|-----------------------|------------|
| Specification Version | v1.0       |
| Manufacture Date      | 2021-07-21 |
| Re-Test Date          | 2029-12-07 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
