

## Certificate of Analysis

|                   |                                                            |
|-------------------|------------------------------------------------------------|
| Product Name      | Sodium phosphate tribasic dodecahydrate, 98%               |
| Glentham Code     | GK9846                                                     |
| CAS Number        | 10101-89-0                                                 |
| EINECS            | 231-509-8                                                  |
| MDL-Nummer        | MFCD00149198                                               |
| PubChem SID       | 310280149                                                  |
| Batch Number      | 437OEJ                                                     |
| Molecular Weight  | 380.12                                                     |
| Molecular Formula | $\text{Na}_3\text{O}_4\text{P} \cdot 12\text{H}_2\text{O}$ |
| Storage Temp.     | +20°C                                                      |

| Property                  | Specification              | Batch 437OEJ              |
|---------------------------|----------------------------|---------------------------|
| Physical Description      | White crystalline powder   | White crystalline powder  |
| Solubility (10% in water) | Clear, colourless solution | Clear colourless solution |
| Assay                     | ≥ 98.0%                    | 99.4%                     |

|                       |            |
|-----------------------|------------|
| Specification Version | v1.0       |
| Manufacture Date      | 2024-06-03 |
| Re-Test Date          | 2034-06-10 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
