

Product Datasheet

GC1017 - 2-Iodoethyl α -L-fucopyranoside

Product Details

Product Name 2-Iodoethyl α -L-fucopyranoside
Glentham Code GC1017
CAS Number 1932573-19-7

Structure

Molecular Weight : 318.11
Molecular Formula : $C_8H_{15}IO_5$

Storage

Recommended storage temperature: +4°C.

Hazards and Transport

Contact Glentham to request the sds for GC1017.

Glentham Product Specification

Physical Description : White crystalline powder or solid
Solubility : Soluble in DMSO and water
Purity (NMR) : $\geq 95\%$
Version : v1.0

About 2-Iodoethyl α -L-fucopyranoside

No further details on record.
