

## Product Specification

|               |                                    |
|---------------|------------------------------------|
| Product Name  | 1-O-(E)-Feruloyl-β-D-glucopyranose |
| Glentham Code | GC3100                             |
| CAS Number    | 64625-37-2                         |

|                   |                                                |
|-------------------|------------------------------------------------|
| Molecular Weight  | 356.32                                         |
| Molecular Formula | C <sub>16</sub> H <sub>20</sub> O <sub>9</sub> |
| Storage Temp.     | +4°C                                           |

| Property             | Specification                    |
|----------------------|----------------------------------|
| Physical Description | White crystalline solid          |
| Solubility           | Soluble in DMSO, DMF or methanol |
| Purity (HPLC)        | ≥ 98.0%                          |

|                       |   |            |
|-----------------------|---|------------|
| Specification Version | - | v1.0       |
| Date Created          | - | 2024-02-08 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
