

## Product Specification

|                   |                               |
|-------------------|-------------------------------|
| Product Name      | 4-Nitrophenyl b-D-glucuronide |
| Glentham Code     | GC6761                        |
| CAS Number        | 10344-94-2                    |
| EINECS            | 233-753-0                     |
| MDL Number        | MFCD00036210                  |
| PubChem SID       | 310277981                     |
| Molecular Weight  | 315.23                        |
| Molecular Formula | $C_{12}H_{13}NO_9$            |
| Storage Temp.     | -20°C                         |

| Property                  | Specification                              |
|---------------------------|--|
| Physical Description      | White to off-white crystalline powder      |
| Solubility (10% in water) | Clear, colourless to faint yellow solution |
| 4-Nitrophenol             | ≤ 0.05%                                    |
| Assay                     | ≥ 99.0%                                    |
| Specification Version     | - v1.0                                     |
| Date Created              | - 2016-02-08                               |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
