

## Product Datasheet

### GC9201 - Methyl 6-amino-6-deoxy-a-D-glucopyranoside

Pictograms

#### Product Details

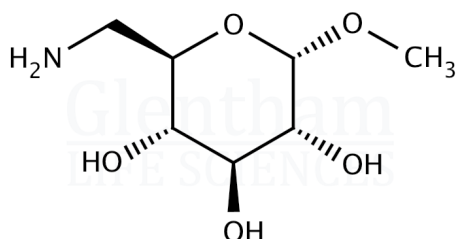

|               |                                            |
|---------------|--------------------------------------------|
| Product Name  | Methyl 6-amino-6-deoxy-a-D-glucopyranoside |
| Glentham Code | GC9201                                     |
| CAS Number    | 5155-47-5                                  |
| PubChem SID   | 310276491                                  |

#### Glentham Product Specification

|                         |                                               |
|-------------------------|-----------------------------------------------|
| Physical Description    | : Off-white to yellow viscous liquid or solid |
| Identification (1H-NMR) | : To conform to structure                     |
| Purity (HPLC)           | : ≥ 98.0%                                     |
| Version                 | : v1.0                                        |

#### Structure

|                   |                                                  |
|-------------------|--------------------------------------------------|
| Molecular Weight  | : 193.20                                         |
| Molecular Formula | : C <sub>7</sub> H <sub>15</sub> NO <sub>5</sub> |

#### About Methyl

#### 6-amino-6-deoxy-a-D-glucopyranoside

No further details on record.

#### Storage

Recommended storage temperature: +4°C.

#### Hazards and Transport

Not classified as dangerous for transport.

|                     |                                                                            |
|---------------------|----------------------------------------------------------------------------|
| CLP Classification  | Skin Irr. 2, STOT SE 3,<br>Eye Irr. 2A                                     |
| Signal Word         | Warning                                                                    |
| Hazard Codes        | H315, H335, H319                                                           |
| Precautionary Codes | P264, P280, P302+P352,<br>P261, P304+P340,<br>P403+P233,<br>P305+P351+P338 |
