GE3176 v1.0

Glentham LIFE SCIENCES

Safety Data Sheet

www.glentham.com

1.	Identification of the substance/mixture and of the company/undertaking
1.1	Product identifier
	Product name : Guanosine-2",3"-cyclic monophosphate sodium salt Product code : GE3176
	CAS number : 15718-49-7
	EINECS : 239-811-1
1.2	Relevant identified uses of the substance or mixture and uses advised against
	PC21: Laboratory chemicals.
1.3	Details of the supplier of the safety data sheet
	Company name : Glentham Life Sciences Ltd Telephone : +44 (0) 1225 667 798
	Unit 5 Leafield Way Fax : +44 (0) 2033 978 909
	Corsham SN13 9SW Email : info@glentham.com United Kingdom Web : www.glentham.com
1.4	Emergency telephone number
1.4	Emergency telephone number: +44 (0) 1225 667 798 (09.00 – 17.00 GMT)
1.5	REACH
	A registration number is not available for this substance as the substance or its uses are exempted from registration, the annual tonnage does not require a registration or the registration is envisaged for a later registration deadline.
•	
2.	Hazards identification
2.1	Classification of the substance or mixture Classification under CLP
	This product has no classification under CLP.
2.2	Label elements
	Label elements under CLP
	This product has no label elements.
2.3	Other hazards
	PBT
	This substance is not identified as a PBT substance.
3.0	Composition/information on ingredients
3.1	Substances
	Product name : Guanosine-2",3"-cyclic monophosphate MW: 367.19
	sodium salt
	CAS number : 15718-49-7 MF : C ₁₀ H ₁₁ N ₅ O ₇ PNa EINECS : 239-811-1
4.0	First aid measures
4.1	Description of first aid measures
	Skin contact
	Wash immediately with plenty of soap and water.
	Eye contact
	Bathe the eye with running water for 15 minutes.
	Wash out mouth with water.
	Inhalation
4.2	Consult a doctor. Most important symptoms and effects, both acute and delayed
4.2	Skin contact
	There may be mild irritation at the site of contact.
	Eye contact
	There may be irritation and redness.
	Ingestion
	There may be irritation of the throat.

GE3176 v1.0

Safety Data Sheet

www.glentham.com

	Inhalation
	There may be irritation of the throat with a feeling of tightness in the chest.
	Delayed / immediate effects
	Immediate effects can be expected after short-term exposure.
4.3	Indication of any immediate medical attention and special treatment needed
4.5	Immediate / special treatment
	Not applicable.
5.0	Fire-fighting measures
5.1	Extinguishing media
	Suitable extinguishing media for the surrounding fire should be used.
5.2	Special hazards arising from the substance or mixture
	Exposure hazards
	In combustion emits toxic fumes.
5.3	Advice for fire-fighters
	Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes.
 6.0	Accidental release measures
6.1	Personal precautions, protective equipment and emergency procedures
	Personal precautions
	Refer to section 8 of SDS for personal protection details.
6.2	Environmental precautions
	Do not discharge into drains or rivers.
6.3	Methods and material for containment and cleaning up
	Clean-up procedures
	Wash the spillage site with large amounts of water.
6.3	Reference to other sections
	Refer to section 8 of SDS.
 7.0	Handling and storage
7.1	Precautions for safe handling Handling requirements
	Avoid the formation or spread of dust in the air.
7.2	Conditions for safe storage, including any incompatibilities
1.2	Storage conditions
	Store in cool, well ventilated area. Keep container tightly closed. Avoid contact with water or humidity.
7.3	Specific end use(s)
1.0	No data available.
8.0	Exposure controls/personal protection
8.1	Control parameters
	Workplace exposure limits
	Not applicable.
8.2	Exposure controls
	Engineering measures
	Not applicable.
	Respiratory protection
	Respiratory protective device with particle filter.
	Hand protection
	Protective gloves.
	Eye protection
	Safety glasses. Ensure eye bath is to hand.
	Skin protection
