#### Product Details

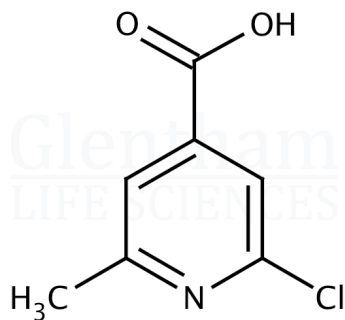

|               |                                             |
|---------------|---------------------------------------------|
| Product Name  | 2-Chloro-6-methylpyridine-4-carboxylic acid |
| Glentham Code | GK1377                                      |
| CAS Number    | 25462-85-5                                  |
| MDL Number    | MFCD00052830                                |
| PubChem SID   | 310269827                                   |

#### Glentham Product Specification

|                      |                                                         |
|----------------------|---------------------------------------------------------|
| Physical Description | : White to pale yellow or pale brown crystals or powder |
| Assay                | : $\geq 97.5\%$                                         |
| Version              | : v1.0                                                  |

#### Structure

|                   |                  |
|-------------------|------------------|
| Molecular Weight  | : 171.58         |
| Molecular Formula | : $C_7H_6ClNO_2$ |
