According to REACH Regulations (EC) 1907/2006 and (EU) 2020/878

	According to REACH Regulations (EC) 1907/2006 and (EU) 2020/878				
1.	Identification of the su	ubstance/mixture and of the company/ur	ndertaking		
1.1	Product identifier				
	Product code Product name CAS number EINECS Physical form REACH	0	e for this substance as the substance or its uses innual tonnage does not require a registration or er registration deadline.		
1.2	Relevant identified us	ses of the substance or mixture and uses	s advised against		
	PC21: Laboratory che	emicals.			
1.3	Details of the supplier	Details of the supplier of the safety data sheet			
	Company name	Unit 5 Leafield Way Corsham SN13 9SW	Telephone : +44 (0) 1225 667 798 Fax : +44 (0) 2033 978 909 Email : info@glentham.com Web : www.glentham.com		
1.4	Emergency telephone number				
	Emergency telephone : NHS Direct 111 (UK, 24 hours), 112 (EU, 24 Hours), +44 (0) 1225 667 798 (09.00 – 17.00 GMT) number				
2.	Hazards identification	1			
2.1	Classification of the substance or mixture				
	Classification under CLP according to (EC) 1272/2008				
	This product has no classification under CLP.				
2.2	Label elements				
	Label elements under CLP a	according to (EC) 1272/2008			
	This product has no la	abel elements.			
2.3	Other hazards				
	PBT				
	This substance is not	identified as a PBT substance.			
3.0	Composition/informat	tion on ingredients			

3.1 Substances

Name	Identifier	%	Classification	
Dimethyl sulfoxide	CAS: 67-68-5 EC: 200-664-3 REACH: Not applicable	99.0%	Not classified	

4. First aid measures

4.1 Description of first aid measures

Skin contact	Wash immediately with plenty of soap and water.	
Eye contact	Bathe the eye with running water for 15 minutes.	
Ingestion	Wash out mouth with water.	
Inhalation	Consult a doctor.	

GK2245 v3.0

Glentham

Safety Data Sheet

www.glentham.com

4.2 Most important symptoms and effects, both acute and delayed

Skin contact	There may be mild irritation at the site of contact. No symptoms.
Eye contact	There may be irritation and redness. No symptoms.
Ingestion	There may be irritation of the throat. No symptoms.
Inhalation	No symptoms.
Delayed / immediate	Immediate effects can be expected after short-term exposure.

effects

4.3 Indication of any immediate medical attention and special treatment needed

Immediate / special treatment

No data available.

5. Fire-fighting measures

5.1 Extinguishing media

Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers.

Special hazards arising from the substance or mixture

Exposure hazards

5.2

6.3

In combustion emits toxic fumes.

5.3 Advice for fire-fighters

Wear protective clothing to prevent contact with skin and eyes. Wear self-contained breathing apparatus.

6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions

Turn leaking containers leak-side up to prevent the escape of liquid. Refer to section 8 of SDS for personal protection details.

6.2 Environmental precautions

Contain the spillage using bunding. Do not discharge into drains or rivers.

Methods and material for containment and cleaning up

Clean-up procedures

Transfer to a closable, labelled salvage container for disposal by an appropriate method. Absorb into dry earth or sand.

6.4 Reference to other sections

Refer to section 8 of SDS.

7. Handling and storage

7.1 Precautions for safe handling

Handling requirements

No data available.

7.2 Conditions for safe storage, including any incompatibilities

Storage conditions Avoid contact with water or humidity. Keep container tightly closed. Store in cool, well ventilated area.

7.3 Specific end use(s)

No data available.

8. Exposure controls/personal protection

8.1 Control parameters

Workplace exposure limits

No workplace exposure limit control parameters set

Glentham

www.glentham.com

8.2 Exposure controls

Engineering measures	No data available.
Respiratory protection	Respiratory protection not required.
Hand protection	Protective gloves.
Eye protection	Ensure eye bath is to hand. Safety glasses.
Skin protection	Protective clothing.

9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

Physical state	Liquid
Colour	Colourless
Odour	No data available.
Melting point/Freezing point	18.5 °C
Boiling point/initial boiling point/boiling range	189 °C
Flammability	No data available.
Lower/Upper explosion limit	No data available.
Flash Point	No data available.
Auto-ignition temperature	301°C
Decomposition temperature	No data available.
рН	No data available.
Kinematic viscosity	No data available.
Solubility	No data available.
Partition coefficient n-octanol/water	No data available.
Vapour pressure	No data available.
Density/relative density	1.100
Relative vapour pressure	No data available.
Particle characteristics	No data available.

9.2 Other information

No data available.

10. Stability and reactivity

^{10.1} Reactivity

Stable under recommended transport or storage conditions.

10.2 Chemical stability

Stable under normal conditions.

^{10.3} Possibility of hazardous reactions

Hazardous reactions

Decomposition may occur on exposure to conditions or materials listed below. Hazardous reactions will not occur under normal transport or storage conditions.

^{10.4} Conditions to avoid

Heat.

^{10.5} Incompatible materials

Materials to avoid

Strong acids. Strong oxidising agents.

11. Toxicological information

11.1 Information on toxicological effects

a) Acute toxicity No data available.

b) Skin corrosion/irritation No data available.

c) Serious eye damage/irritation

Safety Data Sheet

www.glentham.com

13.1 Waste treatment methods

Disposal operations

Transfer to a suitable container and arrange for collection by specialised disposal company.

NB

The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.

14. Transport information

This product does not require a classification for transport.

15. Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

This Safety Data Sheet is prepared in accordance with Commission Regulation (EC) 1907/2006, amended by Commission Regulation (EU) 2020/878.

Authorisations/Restrictions

Regulation (EC) 1907/2006, REACH, Annex XIV list of substances subject to authorisation:	No data available.
Regulation (EC) 1907/2006, REACH, Annex XVII restrictions on the manufacture, placing on the market and use of certain dangerous substances:	No data available.
Regulation (EC) 1005/2009 on substances that deplete the ozone layer:	No data available.
Regulation (EC) 850/2004 on persistent organic pollutants, amended by (EU) No 2019/1021:	No data available.

15.2 Chemical safety assessment

A chemical safety assessment has not been carried out for the substance or the mixture by the supplier.

16. Other information
