

## Product Specification

|                   |                                                    |
|-------------------|----------------------------------------------------|
| Product Name      | Tetrabutylammonium chloride, 50% solution in water |
| Glentham Code     | GK2647                                             |
| CAS Number        | 1112-67-0                                          |
| EINECS            | 214-195-7                                          |
| MDL Number        | MFCD00011635                                       |
| PubChem SID       | 310280677                                          |
| Additional CAS    | 37451-68-6 ( $\cdot xH_2O$ )                       |
| Molecular Weight  | 277.92                                             |
| Molecular Formula | $[CH_3(CH_2)_3]_4NCl$                              |
| Storage Temp.     | +20°C                                              |

| Property             | Specification                            |
|----------------------|------------------------------------------|
| Physical Description | Clear, colourless to light yellow liquid |
| Assay                | $\geq 50.0\%$                            |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2021-04-23 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
