

## Product Specification

|               |                                                      |
|---------------|------------------------------------------------------|
| Product Name  | 4-Hydroxymethyl-4-methyl-1-phenyl-3-pyr<br>azolidone |
| Glentham Code | GK3530                                               |
| CAS Number    | 13047-13-7                                           |
| EINECS        | 235-920-3                                            |
| MDL Number    | MFCD00055653                                         |
| PubChem SID   | 310272156                                            |

|                   |                      |
|-------------------|----------------------|
| Molecular Weight  | 206.25               |
| Molecular Formula | $C_{11}H_{14}N_2O_2$ |
| Storage Temp.     | +20°C                |

| Property             | Specification                                    |
|----------------------|--------------------------------------------------|
| Physical Description | Off-white to yellow or orange powder or crystals |
| Melting Point        | 120.0 - 126.0 °C                                 |
| Assay                | ≥ 95.0%                                          |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2021-06-09 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
