Name		Identifier	%	Classification	
Lithium acetylide ethylenediamine complex		CAS: 6867-30-7 EC: 229-967-9 REACH: Not applicable	90%	H314, Skin Corr. 1B	
irst aid measures escription of first a	id measures				
Skin contact Consult a doctor. Drench the affected skin with running water for 10 minutes of still on skin. Remove all contaminated clothes and footwear immediately unles Transfer to hospital if there are burns or symptoms of poisoning. Eye contact Consult a doctor. Transfer to hospital for specialist examination. Bathe the ey 15 minutes.		contaminated clothes a	nd footwear	immediately unless stuck to skin.	
		ion. Bathe the eye with running water for			
Ingestion	Consult a doctor. Do not induce vomiting. Give 1 cup of water to drink every 10 minutes. I give half a litre of water to drink immediately. If unconscious and breathing is OK, place in recovery position. If unconscious, check for breathing and apply artificial respiration if nec Transfer to hospital as soon as possible. Wash out mouth with water.			and breathing is OK, place in the oply artificial respiration if necessary.	
ensure the casualty sits o position. If unconscious, o		obly, have the casualty sit and provide oxygen if available. If conscious, or lies down. If unconscious and breathing is OK, place in the recovery check for breathing and apply artificial respiration if necessary. Transfer to ible. Consult a doctor. Remove casualty from exposure ensuring one's own			
ost important sym	ptoms and effects, both act	ute and delayed			
Skin contact	Blistering may occur. Pr mild irritation at the site	-	occur if trea	tment is not immediate. There may be	
Eye contact	Corneal burns may occu	ır. May cause permaner	nt damage. T	here may be irritation and redness.	
Ingestion		Blood may be vomited. Corrosive burns may appear around the lips. There may be bleeding from the mouth or nose. There may be irritation of the throat.			
Inhalation				rritation of the throat with a feeling of h a burning sensation in the throat.	
Delayed / immediate effects Delayed effects can be ex short-term exposure. The		expected after long-term	evnosure l	mmodiate offects can be expected after	

4.3 Indication of any immediate medical attention and special treatment needed

Immediate / special treatment

Do not induce vomiting. Eye bathing equipment should be available on the premises.

5. Fire-fighting measures

5.1 Extinguishing media

Alcohol resistant foam. Carbon dioxide. Dry chemical powder. Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. Water spray.

5.2 Special hazards arising from the substance or mixture

Exposure hazards

Corrosive. Highly flammable. In combustion emits toxic fumes. May form flammable / explosive dust-air mixture.

5.3 Advice for fire-fighters

Wear protective clothing to prevent contact with skin and eyes. Wear self-contained breathing apparatus.

6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures
Personal precautions

Glentham

Safety Data Sheet

www.glentham.com

Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Eliminate all sources of ignition. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Notify the police and fire brigade immediately. Refer to section 8 of SDS for personal protection details.

6.2 Environmental precautions

Do not discharge into drains or rivers.

6.3 Methods and material for containment and cleaning up

Clean-up procedures

Clean-up should be dealt with only by qualified personnel familiar with the specific substance. Transfer to a closable, labelled salvage container for disposal by an appropriate method. Do not use equipment in clean-up procedure which may produce sparks.

6.4 Reference to other sections

Refer to section 8 of SDS.

7. Handling and storage

7.1 Precautions for safe handling

Handling requirements

Avoid direct contact with the substance. Avoid the formation or spread of dust in the air. Do not handle in a confined space. Smoking is forbidden. Use non-sparking tools. Ensure there is sufficient ventilation of the area.

7.2 Conditions for safe storage, including any incompatibilities

Storage conditions

Avoid contact with water or humidity. Ensure lighting and electrical equipment are not a source of ignition. Keep away from sources of ignition. Keep container tightly closed. Prevent the build up of electrostatic charge in the immediate area. Store in cool, well ventilated area.

7.3 Specific end use(s)

No data available.

8. Exposure controls/personal protection

8.1 Control parameters

Workplace exposure limits

No workplace exposure limit control parameters set

8.2 Exposure controls

Engineering measures	Ensure lighting and electrical equipment are not a source of ignition. Ensure there is sufficient ventilation of the area.			
Respiratory protection	Respiratory protective device with particle filter. Self- contained breathing apparatus must be available in case of emergency.			
Hand protection	Protective gloves.			
Eye protection	Tightly fitting safety goggles. Ensure eye bath is to hand. Safety glasses.			
Skin protection	Protective clothing.			

9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

Solid
Colourless
No data available.

GK3769 v3.0

Safety Data Sheet

www.glentham.com

Kinematic viscosity
Solubility
Partition coefficient n-octanol/water
Vapour pressure
Density/relative density
Relative vapour pressure
Particle characteristics

9.2 Other information

No data available.

10. Stability and reactivity

10.1 Reactivity

Stable under recommended transport or storage conditions.

^{10.2} Chemical stability

Stable at room temperature. Stable under normal conditions.

10.3 Possibility of hazardous reactions

Hazardous reactions

Decomposition may occur on exposure to conditions or materials listed below. Hazardous reactions will not occur under normal transport or storage conditions.

No data available. No data available.

^{10.4} Conditions to avoid

Flames. Hot surfaces. Sources of ignition. Heat.

^{10.5} Incompatible materials

Materials to avoid

Carbon dioxide. Strong acids. Strong oxidising agents.

11. Toxicological information

^{11.1} Information on toxicological effects

a) Acute toxicity

No data available.

b) Skin corrosion/irritation Skin corrosion/irritation (Category 1B)

c) Serious eye damage/irritation No data available.

- d) Respiratory or skin sensitisation No data available.
- e) Germ cell mutagenicity No data available.
- f) Carcinogenicity
 No data available.
- g) Reproductive toxicity No data available.
- h) STOT-single exposure No data available.
- i) STOT-repeated exposure No data available.
- j) Aspiration hazardNo data available.
 - Symptoms / routes of exposure
