

## Product Datasheet

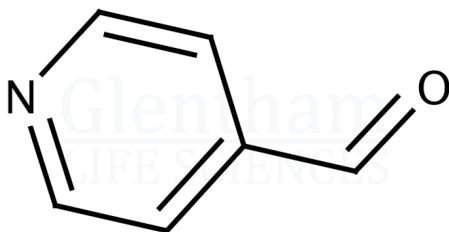

### GK6024 - Pyridine-4-carboxaldehyde

#### Product Details

|                |                           |
|----------------|---------------------------|
| Product Name   | Pyridine-4-carboxaldehyde |
| Glenthams Code | GK6024                    |
| CAS Number     | 872-85-5                  |
| EINECS         | 212-832-3                 |
| MDL Number     | MFCD00006425              |
| PubChem SID    | 310279422                 |

#### Structure

|                   |                                    |
|-------------------|------------------------------------|
| Molecular Weight  | : 107.11                           |
| Molecular Formula | : C <sub>6</sub> H <sub>5</sub> NO |

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

|                     |                                                              |
|---------------------|--------------------------------------------------------------|
| CLP Classification  | Skin Irr. 2, Skin Sens. 1,<br>Eye Dam. 1                     |
| Signal Word         | Danger                                                       |
| Hazard Codes        | H315, H317, H318                                             |
| Precautionary Codes | P264, P280, P302+P352,<br>P261, P333+P313,<br>P305+P351+P338 |

#### Glenthams Product Specification

|                      |                                           |
|----------------------|-------------------------------------------|
| Physical Description | : Clear, colourless to dark yellow liquid |
| Identification (IR)  | : To conform to standard                  |
| Purity (GC)          | : ≥ 96.0%                                 |
| Version              | : v1.0                                    |
