GK6425 v2.0

### Safety Data Sheet

www.glentham.com

### According to REACH Regulations (EC) 1907/2006 and (EU) 2020/878

### Identification of the substance/mixture and of the company/undertaking

#### 1.1 Product identifier

1.

| Product code  | : GK6425  |
|---------------|---|
| Product name  | : Potassium hydrogen sulfate  |
| CAS number    | : 7646-93-7   |
| EINECS        | : 231-594-1   |
| Physical form | : solid, substance  |
| REACH         | <ul> <li>A registration number is not available for this substance as the substance or its uses<br/>are exempted from registration, the annual tonnage does not require a registration or<br/>the registration is envisaged for a later registration deadline.</li> </ul> |

### 1.2 Relevant identified uses of the substance or mixture and uses advised against

PC21: Laboratory chemicals.

### 1.3 Details of the supplier of the safety data sheet

| : Glentham Life Sciences Ltd | Telephone                               | :   | +44 (0) 1225 667 798                                  |

### 1.4 Emergency telephone number

Emergency telephone : NHS Direct 111 (UK, 24 hours), 112 (EU, 24 Hours), +44 (0) 1225 667 798 (09.00 – 17.00 GMT) number

### 2. Hazards identification

### 2.1 Classification of the substance or mixture

Classification under CLP according to (EC) 1272/2008

| H314 | Skin Corr. 1B |
|------|---------------|
| H335 | STOT SE 3     |
| H336 | STOT SE 3     |

### 2.2 Label elements

Label elements under CLP according to (EC) 1272/2008

Pictograms

| Signal words             | Danger  |
|--------------------------|---|
| Hazard statements        |   |
| H314                     | Causes severe skin burns and eye damage   |
| H335                     | May cause respiratory irritation  |
| H336                     | May cause drowsiness or dizziness   |
| Precautionary statements |   |
| P261                     | Avoid breathing dust/fume/gas/mist/vapors/spray.  |
| P280                     | Wear protective gloves/protective clothing/eye protection/face protection.  |
| P302+P350                | IF ON SKIN: Gently wash with plenty of soap and water.  |
| P305+P351+P338           | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and<br>easy to do - continue rinsing. |
| P310                     | Immediately call a POISON CENTER or doctor/physician.   |
| P264                     | Do not breathe fume.  |
| Other hazards            |   |

PBT

This substance is not identified as a PBT substance.

#### Exposure hazards

Corrosive. In combustion emits toxic fumes.

### 5.3 Advice for fire-fighters

Wear protective clothing to prevent contact with skin and eyes. Wear self-contained breathing apparatus.

6. Accidental release measures

GK6425 v2.0

# Glentham

### Safety Data Sheet

www.glentham.com

### 6.1 Personal precautions, protective equipment and emergency procedures

#### Personal precautions

Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Notify the police and fire brigade immediately. Refer to section 8 of SDS for personal protection details.

#### 6.2 Environmental precautions

Do not discharge into drains or rivers.

### 6.3 Methods and material for containment and cleaning up

#### Clean-up procedures

Clean-up should be dealt with only by qualified personnel familiar with the specific substance. Transfer to a closable, labelled salvage container for disposal by an appropriate method.

### 6.4 Reference to other sections

Refer to section 8 of SDS.

#### 7. Handling and storage

### 7.1 Precautions for safe handling

Handling requirements

Avoid direct contact with the substance. Avoid the formation or spread of dust in the air. Do not handle in a confined space. Ensure there is sufficient ventilation of the area.

### 7.2 Conditions for safe storage, including any incompatibilities

#### Storage conditions

Avoid contact with water or humidity. Keep container tightly closed. Store in cool, well ventilated area.

### 7.3 Specific end use(s)

No data available.

### 8. Exposure controls/personal protection

### 8.1 Control parameters

Workplace exposure limits

No workplace exposure limit control parameters set

### 8.2 Exposure controls

| Engineering measures   | Ensure there is sufficient ventilation of the area.   |
|------------------------|---|
| Respiratory protection | Respiratory protective device with particle filter. Self- contained breathing apparatus must be available in case of emergency. |
| Hand protection        | Protective gloves.  |
| Eye protection         | Ensure eye bath is to hand. Tightly fitting safety goggles. Safety glasses.   |
| Skin protection        | Protective clothing.  |

### 9. Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

| Solid              |
|--------------------|
| White              |
| No data available. |
| 198 °C             |
| No data available. |
|                    |

GK6425 v2.0

### Safety Data Sheet

### www.glentham.com

Kinematic viscosity Solubility Partition coefficient n-octanol/water Vapour pressure Density/relative density Relative vapour pressure Particle characteristics

### 9.2 Other information

No data available.

### 10. Stability and reactivity

### 10.1 Reactivity

Stable under recommended transport or storage conditions.

### <sup>10.2</sup> Chemical stability

Stable under normal conditions.

### <sup>10.3</sup> Possibility of hazardous reactions

### Hazardous reactions

Decomposition may occur on exposure to conditions or materials listed below. Hazardous reactions will not occur under normal transport or storage conditions.

No data available. 506 g/L @ 25 °C

No data available. No data available.

No data available

No data available.

2.240

### <sup>10.4</sup> Conditions to avoid

Heat.

### <sup>10.5</sup> Incompatible materials

### Materials to avoid

Strong acids. Strong oxidising agents.

### **11.** Toxicological information

### 11.1 Information on toxicological effects

### a) Acute toxicity

No data available.

### b) Skin corrosion/irritation Skin corrosion/irritation (Category 1B)

- c) Serious eye damage/irritation No data available.
- d) Respiratory or skin sensitisation No data available.
- e) Germ cell mutagenicity No data available.
- f) Carcinogenicity No data available.
- g) Reproductive toxicity No data available.

### h) STOT-single exposure Specific target organ toxicity, single exposure; Respiratory tract irritation (Category 3)

### i) STOT-repeated exposure No data available.

- Aspiration hazardNo data available.
- 11.2 Symptoms / routes of exposure

### 15. Regulatory information

#### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

This Safety Data Sheet is prepared in accordance with Commission Regulation (EC) 1907/2006, amended by Commission Regulation (EU) 2020/787.

|    | Regulation (EC) 1907/2006, REACH, Annex XIV list of substances subject to authorisation:   | No data available. |  |
|----|--|--------------------|--|
|    | Regulation (EC) 1907/2006, REACH, Annex XVII restrictions on the manufacture, placing on the market and use of certain dangerous substances: | No data available. |  |
|    | Regulation (EC) 1005/2009 on substances that deplete the ozone layer:  | No data available. |  |
|    | Regulation (EC) 850/2004 on persistent organic pollutants, amended by (EU) No 2019/1021:   | No data available. |  |
| ~~ | amiaal asfatu asaasamant   |                    |  |

### 15.2 Chemical safety assessment

A chemical safety assessment has not been carried out for the substance or the mixture by the supplier.

### 16. Other information
