

## Product Specification

|                   |  |
|-------------------|--|
| Product Name      | 2,4,6-Tri(2-pyridyl)-s-triazine                |
| Glentham Code     | GK6656   |
| CAS Number        | 3682-35-7                                      |
| EINECS            | 222-965-9                                      |
| MDL Number        | MFCD00006045                                   |
| PubChem SID       | 310281428                                      |
| Molecular Weight  | 312.34   |
| Molecular Formula | C <sub>18</sub> H <sub>12</sub> N <sub>6</sub> |
| Storage Temp.     | +20°C  |

| Property             | Specification                               |
|----------------------|---|
| Physical Description | White to yellow or beige powder or crystals |
| Melting Point        | 246.0 - 252.0 °C                            |
| Loss on Drying       | ≤ 1.0%                                      |
| Purity (HPLC)        | ≥ 98.0%                                     |

|                       |   |            |
|-----------------------|---|------------|
| Specification Version | - | v1.0       |
| Date Created          | - | 2014-01-10 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
