

## Product Specification

|                   |                                                                 |
|-------------------|-----------------------------------------------------------------|
| Product Name      | 5-Aminopyridine-2-carboxylic acid<br>(5-Amino-2-picolinic acid) |
| Glenthams Code    | GK7123                                                          |
| CAS Number        | 24242-20-4                                                      |
| MDL Number        | MFCD02684600                                                    |
| PubChem SID       | 310266682                                                       |
| Molecular Weight  | 138.13                                                          |
| Molecular Formula | C <sub>6</sub> H <sub>6</sub> N <sub>2</sub> O <sub>2</sub>     |
| Storage Temp.     | +20°C                                                           |

| Property              | Specification                  |
|-----------------------|--------------------------------|
| Physical Description  | White to yellow or beige solid |
| Assay                 | ≥ 97.0%                        |
| Specification Version | - v1.0                         |
| Date Created          | - 2016-08-31                   |

Glenthams Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glenthams.com](http://www.glenthams.com) or contact us using the details above for the current version of this document.
