

## Product Datasheet

### GK7307 - Porphobilinogen

#### Product Details

|               |                 |
|---------------|-----------------|
| Product Name  | Porphobilinogen |
| Glentham Code | GK7307          |
| CAS Number    | 487-90-1        |
| EINECS        | 207-666-3       |
| PubChem SID   | 310279132       |

#### Glentham Product Specification

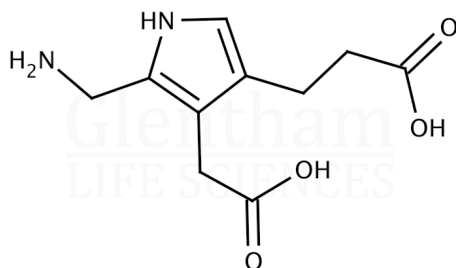

|                      |                                         |
|----------------------|-----------------------------------------|
| Physical Description | : White to pink, beige or orange powder |
| Purity               | : $\geq 97.0\%$                         |
| Version              | : v1.0                                  |

#### About Porphobilinogen

No further details on record.

#### Structure

|                   |                        |
|-------------------|------------------------|
| Molecular Weight  | : 226.23               |
| Molecular Formula | : $C_{10}H_{14}N_2O_4$ |

#### Storage

Recommended storage temperature: -20°C.

#### Hazards and Transport

Not classified as dangerous for transport.

|                     |                                                   |
|---------------------|---------------------------------------------------|
| CLP Classification  | Skin Irr. 2, STOT SE 3,<br>STOT SE 3, Eye Irr. 2A |
| Signal Word         | Warning                                           |
| Hazard Codes        | H315, H336, H335, H319                            |
| Precautionary Codes | P305+P351+P338, P261                              |
| Pictograms          |                                                   |
