

## Product Datasheet

### GK7920 - Hexamethylenediisocyanate

#### Product Details

|                |                           |
|----------------|---------------------------|
| Product Name   | Hexamethylenediisocyanate |
| Glenthams Code | GK7920                    |
| CAS Number     | 822-06-0                  |
| EINECS         | 212-485-8                 |
| MDL Number     | MFCD00002047              |
| PubChem SID    | 310274578                 |

#### Structure

|                   |                                         |
|-------------------|-----------------------------------------|
| Molecular Weight  | : 168.19                                |
| Molecular Formula | : $\text{OCN}(\text{CH}_2)_6\text{NCO}$ |

#### Storage

Recommended storage temperature: +4°C.

#### Hazards and Transport

|                    |                                                                        |
|--------------------|------------------------------------------------------------------------|
| CLP Classification | Skin Corr. 1C, Skin Sens. 1, Acute Tox. 1, Resp. Sens. 1, Acute Tox. 4 |
| Signal Word        | Danger                                                                 |
| Hazard Codes       | H314, H317, H330, H334, H302                                           |

#### Precautionary Codes

P280, P303+P361+P353,  
P304+P340,  
P305+P351+P338, P310,  
P260

#### Pictograms

#### UN Number, Class, PG (RID)

UN2281 - 6.1 - PG II

#### Glenthams Product Specification

|                      |                                     |
|----------------------|-------------------------------------|
| Physical Description | : Colourless to light yellow liquid |
| Assay                | : $\geq 98.0\%$                     |
| Version              | : v1.0                              |

#### About Hexamethylenediisocyanate
