

## Product Specification

|               |                                        |
|---------------|----------------------------------------|
| Product Name  | 7-Benzoyloxy-4-trifluoromethylcoumarin |
| Glentham Code | GK8132                                 |
| CAS Number    | 220001-53-6                            |
| MDL Number    | MFCD01564466                           |

|                   |                                                               |
|-------------------|---------------------------------------------------------------|
| Molecular Weight  | 320.26                                                        |
| Molecular Formula | C <sub>17</sub> H <sub>11</sub> F <sub>3</sub> O <sub>3</sub> |
| Storage Temp.     | -20°C                                                         |

| Property             | Specification |
|----------------------|---------------|
| Physical Description | White solid   |
| Identification       | 1H-NMR        |
|                      | MS            |
| Purity (HPLC)        | ≥ 99.0%       |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2014-05-15 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
