

## Product Datasheet

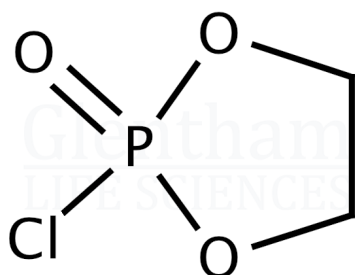

### GK8565 - 2-Chloro-2-oxo-1,3,2-dioxaphospholane

#### Product Details

|               |                                       |
|---------------|---------------------------------------|
| Product Name  | 2-Chloro-2-oxo-1,3,2-dioxaphospholane |
| Glentham Code | GK8565                                |
| CAS Number    | 6609-64-9                             |
| EINECS        | 229-560-6                             |
| MDL Number    | MFCD00043138                          |
| PubChem SID   | 310270122                             |

#### Structure

|                   |                                                    |
|-------------------|----------------------------------------------------|
| Molecular Weight  | : 142.48                                           |
| Molecular Formula | : C <sub>2</sub> H <sub>4</sub> ClO <sub>3</sub> P |

#### Storage

Recommended storage temperature: -20°C.

#### Hazards and Transport

|                     |                            |
|---------------------|----------------------------|
| CLP Classification  | Skin Corr. 1B              |
| Signal Word         | Danger                     |
| Hazard Codes        | H314                       |
| Precautionary Codes | P305+P351+P338, P280, P310 |

#### Pictograms

UN Number, Class, PG (RID)

UN3265 - 8 - PG II

#### Glentham Product Specification

|                      |                            |
|----------------------|----------------------------|
| Physical Description | : Clear, colourless liquid |
| Assay                | : ≥ 97.0%                  |
| Version              | : v1.0                     |

#### About

#### 2-Chloro-2-oxo-1,3,2-dioxaphospholane
