## Glentham

## Safety Data Sheet

www.glentham.com

#### 3.1 Substances

**4**.

4.2

Name		Identifier	%	Classification
Helvolic acid		CAS: 29400-42- EC: REACH: Not applicable	8	H302, Acute Tox. 4 H319, Eye Irr. 2A H332, Acute Tox. 4
First aid measures				
Description of first a	id measures			
Skin contact	Consult a doctor. Drench the affected skin with running water for 10 minutes or longer if substance is still on skin. Remove all contaminated clothes and footwear immediately unless stuck to skin. Wash immediately with plenty of soap and water.			
Eye contact	Consult a doctor. Transfer to hospital for specialist examination. Bathe the eye with running water for 15 minutes.			
Ingestion	Consult a doctor. Do not induce vomiting. If conscious, give half a litre of water to drink immediately. Wash out mouth with water.			
Inhalation	Consult a doctor. Remov	ve casualty from exp	osure ensuring	g one's own safety whilst doing so.
Most important symp	otoms and effects, both acu	ite and delayed		
Skin contact	There may be irritation and redness at the site of contact. There may be mild irritation at the site of contact.			
Eye contact	May cause permanent damage. The eyes may water profusely. The vision may become blurred. There may be pain and redness. There may be severe pain.			
Ingestion	Nausea and stomach pain may occur. There may be soreness and redness of the mouth and throat. There may be vomiting.			
Inhalation	Nausea and stomach pain may occur. There may be irritation of the throat with a feeling of tightness in the chest. There may be vomiting.			
Delayed / immediate effects	Immediate effects can be expected after short-term exposure. Nausea and stomach pain may occur.			

#### 4.3 Indication of any immediate medical attention and special treatment needed

#### Immediate / special treatment

Do not induce vomiting. Eye bathing equipment should be available on the premises.

#### 5. Fire-fighting measures

#### 5.1 Extinguishing media

Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers.

#### 5.2 Special hazards arising from the substance or mixture

#### Exposure hazards

In combustion emits toxic fumes.

#### 5.3 Advice for fire-fighters

Wear protective clothing to prevent contact with skin and eyes. Wear self-contained breathing apparatus.

#### 6. Accidental release measures

#### 6.1 Personal precautions, protective equipment and emergency procedures

#### Personal precautions

Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Refer to section 8 of SDS for personal protection details.

#### 6.2 Environmental precautions

### Safety Data Sheet

www.glentham.com

Do not discharge into drains or rivers.

#### 6.3 Methods and material for containment and cleaning up

#### Clean-up procedures

Transfer to a closable, labelled salvage container for disposal by an appropriate method.

#### 6.4 Reference to other sections

Refer to section 8 of SDS.

#### 7. Handling and storage

#### 7.1 Precautions for safe handling

#### Handling requirements

Avoid direct contact with the substance. Avoid the formation or spread of dust in the air. Do not handle in a confined space. Ensure there is sufficient ventilation of the area.

#### 7.2 Conditions for safe storage, including any incompatibilities

#### Storage conditions

Avoid contact with water or humidity. Keep container tightly closed. Store in cool, well ventilated area.

#### 7.3 Specific end use(s)

No data available.

#### 8. Exposure controls/personal protection

#### Control parameters

#### Workplace exposure limits

No workplace exposure limit control parameters set

#### 8.2 Exposure controls

8.1

Engineering measures	Ensure there is sufficient ventilation of the area.
Respiratory protection	Respiratory protective device with particle filter. Self- contained breathing apparatus must be available in case of emergency.
Hand protection	Protective gloves.
Eye protection	Tightly fitting safety goggles. Ensure eye bath is to hand. Safety glasses.
Skin protection	Protective clothing.

#### 9. Physical and chemical properties

#### 9.1 Information on basic physical and chemical properties

Physical state Colour Odour Melting point/Freezing point Boiling point/initial boiling point/boiling range Flammability Lower/Upper explosion limit Flash Point Auto-ignition temperature Decomposition temperature pH Kinematic viscosity Solubility Partition coefficient n-octanol/water	No data available. No data available. 212 °C (decomp) No data available. No data available.
Partition coefficient n-octanol/water	No data available.
Vapour pressure	No data available.
Density/relative density	No data available.
Relative vapour pressure	No data available.
Particle characteristics	No data available.

#### 9.2 Other information

No data available.

	Delayed / immediate effects	Immediate effects can be expected after short-term exposure. Naus	ea and stomach pain may occur.		
	Other information	No data available.			
.2	Information on other	hazards			
.2.1	Endocrine disrupting p	roperties			
	This product does not	t contain known or suspected endocrine disruptors according to REACI	H or relevant EU Regulations.		
.2.2	Other information				
	No additional information	tion			
2.	Ecological information				
.1	Toxicity				
	No data available.				
.2	Persistence and degr	radability			
	Biodegradable.				
.3	Bioaccumulative pote	ential			
	No bioaccumulation p	potential.			
.4	Mobility in soil				
	Readily absorbed into	o soil.			
.5	Results of PBT and v	PvB assessment			
	This substance is not identified as a PBT substance.				
.6	Endocrine disrupting	properties			
	This substance is not identified as having endocrine disrupting properties				
.7	Other adverse effects				
	No data available.				
3.	Disposal consideration	ons			
.1	Waste treatment methods				
	Disposal operations				
	Transfer to a suitable container and arrange for collection by specialised disposal company.				
	NB The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.				
	The user's attention is	s drawn to the possible existence of regional or national regulations reg	jarding disposal.		
4.	Transport information	n			
		t require a classification for transport.			
	·····				
5.	Regulatory information	on			
.1	Safety, health and environ	mental regulations/legislation specific for the substance or mixture			
	This Safety Data Sheet is prepared in accordance with Commission Regulation (EC) 1907/2006, amended by Commission Regulation (EU) 2020/878.				
	Authorisations/Restriction	S			
	authorisation:	907/2006, REACH, Annex XIV list of substances subject to	No data available.		
		007/2006, REACH, Annex XVII restrictions on the manufacture, placing use of certain dangerous substances:	No data available.		
		005/2009 on substances that deplete the ozone layer:	No data available.		
	Regulation (EC) 85	50/2004 or a conjectant encodia a clusterate companded by (EU) Ne	No data available.		
	2019/1021:	50/2004 on persistent organic pollutants, amended by (EU) No	No data avaliable.		

A chemical safety assessment has not been carried out for the substance or the mixture by the supplier.
