

## Product Datasheet

### GL0837 - Ds(+)-threo-Isocitric acid trisodium salt

#### Product Details

Product Name	Ds(+)-threo-Isocitric acid trisodium salt
Glenthams Code	GL0837
CAS Number	903507-52-8

#### Structure

Molecular Weight	: 258.1
Molecular Formula	: $C_6H_5O_7 \cdot 3Na$

#### Storage

Recommended storage temperature: -20°C.

#### Hazards and Transport

Not classified as hazardous under CLP.  
Not classified as dangerous for transport.

#### Glenthams Product Specification

Physical Description	: White to off-white powder or solid
Solubility	: Soluble in water
Purity (NMR)	: $\geq 98\%$
Version	: v1.0

#### About Ds(+)-threo-Isocitric acid trisodium salt

No further details on record.
