

## Product Datasheet

### GL3233 - Butyramide

#### Product Details

|               |              |
|---------------|--------------|
| Product Name  | Butyramide   |
| Glentham Code | GL3233       |
| CAS Number    | 541-35-5     |
| EINECS        | 208-776-4    |
| MDL Number    | MFCD00041894 |
| PubChem SID   | 310269162    |

#### Structure

|                   |                                    |
|-------------------|------------------------------------|
| Molecular Weight  | : 87.12                            |
| Molecular Formula | : C <sub>4</sub> H <sub>9</sub> NO |

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

Not classified as dangerous for transport.

|                     |                                                                                     |
|---------------------|-------------------------------------------------------------------------------------|
| CLP Classification  | Acute Tox. 4                                                                        |
| Signal Word         | Warning                                                                             |
| Hazard Codes        | H302                                                                                |
| Precautionary Codes | P280, P261, P301+P312                                                               |
| Pictograms          |  |

#### Glentham Product Specification

|                      |                                                                |
|----------------------|----------------------------------------------------------------|
| Physical Description | : Colourless crystals or white to off-white crystalline powder |
| Assay                | : 98.0 - 102.0 %                                               |
| Version              | : v1.0                                                         |
