

## Product Datasheet

### GL5867 - Brij S2

### About Brij S2

#### Product Details

No further details on record.

|                    |              |
|--------------------|--------------|
| Product Name       | Brij S2      |
| Glentham Code      | GL5867       |
| CAS Number         | 9005-00-9    |
| MDL Number         | MFCD00074177 |
| Related Categories | Detergents   |

#### Structure

|                   |                                        |
|-------------------|----------------------------------------|
| Molecular Weight  | : 358.60                               |
| Molecular Formula | : $C_{18}H_{37}(OCH_2CH_2)_nOH$ , n~10 |

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

Not classified as dangerous for transport.

|                     |                                                                                     |
|---------------------|-------------------------------------------------------------------------------------|
| CLP Classification  | Eye Dam. 1                                                                          |
| Signal Word         | Danger                                                                              |
| Hazard Codes        | H318                                                                                |
| Precautionary Codes | P305+P351+P338, P280                                                                |
| Pictograms          |  |

#### Glentham Product Specification

|                      |                            |
|----------------------|----------------------------|
| Physical Description | : White to off-white solid |
| Acid Value           | : $\leq 1.0$ mgKOH/g       |
| Hydroxyl Value       | : 150.0 - 165.0 mgKOH/g    |
| Water                | : $\leq 1.0\%$             |
| Melting Point        | : 44.0 - 48.0 °C           |
| Version              | : v1.0                     |
