

## Product Specification

|                   |                                                                     |
|-------------------|---------------------------------------------------------------------|
| Product Name      | Hexaethylene glycol monododecyl ether                               |
| Glentham Code     | GL7386                                                              |
| CAS Number        | 3055-96-7                                                           |
| EINECS            | 221-282-3                                                           |
| MDL Number        | MFCD00042660                                                        |
| PubChem SID       | 310274565                                                           |
| Molecular Weight  | 450.65                                                              |
| Molecular Formula | $\text{CH}_3(\text{CH}_2)_{11}(\text{OCH}_2\text{CH}_2)_6\text{OH}$ |
| Storage Temp.     | +20°C                                                               |

| Property             | Specification |
|----------------------|---------------|
| Physical Description | White solid   |
| Purity               | ≥ 98.0%       |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2017-11-10 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
