

## Product Datasheet

### GL9004 - (R)-(-)-alpha-Phellandrene

#### Product Details

|                |                            |
|----------------|----------------------------|
| Product Name   | (R)-(-)-alpha-Phellandrene |
| Glenthams Code | GL9004                     |
| CAS Number     | 4221-98-1                  |
| EINECS         | 224-167-6                  |
| MDL Number     | MFCD00062988               |
| PubChem SID    | 310278685                  |

#### Structure

|                   |                                   |
|-------------------|-----------------------------------|
| Molecular Weight  | : 136.23                          |
| Molecular Formula | : C <sub>10</sub> H <sub>16</sub> |

#### Pictograms

UN Number, Class, PG (RID) UN2319 - 3 - PG III

#### Glenthams Product Specification

|                      |                                                            |
|----------------------|------------------------------------------------------------|
| Physical Description | : Clear, colourless to light-yellow or light-orange liquid |
| Purity (GC)          | : ≥ 60.00%                                                 |
| Version              | : v1.0                                                     |

#### About (R)-(-)-alpha-Phellandrene

No further details on record.

#### Storage

Recommended storage temperature: +4°C.

#### Hazards and Transport

|                     |                                                              |
|---------------------|--------------------------------------------------------------|
| CLP Classification  | Aquatic Chronic 1, Skin Sens. 1B, Asp. Tox. 1, Flam. Liq. 3  |
| Signal Word         | Danger                                                       |
| Hazard Codes        | H410, H317, H304, H226                                       |
| Precautionary Codes | P273, P280, P333+P313, P331, P210, P303+P361+P353, P301+P310 |
