

## Product Datasheet

### GM2849 - N-Z-L-aspartic acid

Pictograms

#### Product Details

|                    |                     |
|--------------------|---------------------|
| Product Name       | N-Z-L-aspartic acid |
| Glentham Code      | GM2849              |
| CAS Number         | 1152-61-0           |
| EINECS             | 214-568-4           |
| MDL Number         | MFCD00002719        |
| PubChem SID        | 310281828           |
| Related Categories | Biochemicals        |

#### Glentham Product Specification

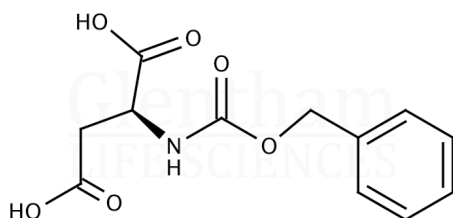

|                           |                            |
|---------------------------|----------------------------|
| Physical Description      | : White to off-white solid |
| Melting Point             | : 114.0 - 117.0 °C         |
| Specific Optical Rotation | : +9.0 - +11.0 °           |
| Water                     | : ≤ 0.5%                   |
| Purity                    | : ≥ 98.0%                  |
| Version                   | : v1.0                     |

#### Structure

|                   |                                                   |
|-------------------|---------------------------------------------------|
| Molecular Weight  | : 267.24                                          |
| Molecular Formula | : C <sub>12</sub> H <sub>13</sub> NO <sub>6</sub> |

#### About N-Z-L-aspartic acid

No further details on record.

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

Not classified as dangerous for transport.

|                     |                                                   |
|---------------------|---------------------------------------------------|
| CLP Classification  | Skin Irr. 2, STOT SE 3,<br>STOT SE 3, Eye Irr. 2A |
| Signal Word         | Warning                                           |
| Hazard Codes        | H315, H336, H335, H319                            |
| Precautionary Codes | P280, P261, P302+P352,<br>P305+P351+P338          |
