Safety Data Sheet www.glentham.com Consult a doctor. Remove casualty from exposure ensuring one's own safety whilst doing so. There may be irritation and redness at the site of contact. There may be irritation and redness. The eyes may water profusely. There may be soreness and redness of the mouth and throat. There may be irritation of the throat with a feeling of tightness in the chest. Exposure may cause coughing or wheezing.

Delaved / immediate effects

Immediate effects can be expected after short-term exposure.

Most important symptoms and effects, both acute and delayed

# 4.3 Indication of any immediate medical attention and special treatment needed Immediate / special treatment

Eye bathing equipment should be available on the premises.

# 50

Fire-fighting measures

# 5.1 Extinguishing media

Suitable extinguishing media for the surrounding fire should be used.

5.2 Special hazards arising from the substance or mixture

Exposure hazards

In combustion emits toxic fumes.

## 5.3 Advice for fire-fighters

Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes.

.....

\_\_\_\_\_

# 6.0 Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures Personal precautions

> Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not create dust.

#### 6.2 Environmental precautions

Do not discharge into drains or rivers.

Methods and material for containment and cleaning up

# Clean-up procedures

6.3

6.3

Transfer to a closable, labelled salvage container for disposal by an appropriate method.

# Reference to other sections

Refer to section 8 of SDS

## 7.0 Handling and storage

#### 7.1 Precautions for safe handling

# Handling requirements

Ensure there is sufficient ventilation of the area. Do not handle in a confined space. Avoid the formation or spread of dust in the air. Avoid direct contact with the substance.

# 7.2 Conditions for safe storage, including any incompatibilities

# Storage conditions

Store in cool, well ventilated area. Keep container tightly closed. Avoid contact with water or humidity.

#### Specific end use(s) 7.3

No data available.

# .....

- 8.1 **Control parameters** 
  - Workplace exposure limits

Safety Data Sheet

www.glentham.com

	Not applicable.				
8.2	Exposure controls				
0.2	Exposure controls Engineering measures				
	Ensure there is sufficient ventilation of the area.				
	Respiratory protection				
	Respiratory protective device with particle filter. Self- contained breathing apparatus must be available in case of emergency.				
	Hand protection				
	Protective gloves.				
	Eye protection				
	Safety glasses. Ensure eye bath is to hand.				
	Skin protection				
	Protective clothing.				
9.0	Physical and chemical properties				
9.1	Information on basic physical and chemical properties				
	Physical Form:				
	Colour:				
9.2	Other information				
	Not applicable.				
 10.0	Stability and reactivity				
10.1	Reactivity				
10.2	Chemical stability				
	Stable under normal conditions.				
10.3	Possibility of hazardous reactions				
	Hazardous reactions				
	Hazardous reactions will not occur under normal transport or storage conditions. Decomposition may occur on exposure to conditions or materials listed below.				
10.4	Conditions to avoid				
	Heat.				
10.5	Incompatible materials				
	Materials to avoid				
	Strong acids. Strong oxidising agents.				
11.0	Toxicological information				
11.1	Information on toxicological effects				
	Toxicity values				
	Not applicable.				
11.2	Information on toxicological effects				
	Skin contact				
	There may be irritation and redness at the site of contact.				
	Eye contact				
	There may be irritation and redness. The eyes may water profusely.				
	There may be soreness and redness of the mouth and throat.				
	Inhalation				
	There may be irritation of the throat with a feeling of tightness in the chest. Exposure may cause coughing or wheezing.				
	Delayed / immediate effects				
	Immediate effects can be expected after short-term exposure.
