GM5451 v1.0

Safety Data Sheet

www.glentham.com

Delayed / immediate offecte
Delayed / immediate effects Immediate effects can be expected after short-term exposure.
Indication of any immediate medical attention and special treatment needed
Immediate / special treatment
Not applicable.
···
Fire-fighting measures
Extinguishing media
Suitable extinguishing media for the surrounding fire should be used.
Special hazards arising from the substance or mixture
Exposure hazards
In combustion emits toxic fumes.
Advice for fire-fighters
Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes.
A14
Accidental release measures
Personal precautions, protective equipment and emergency procedures
Personal precautions
Refer to section 8 of SDS for personal protection details.
Environmental precautions
Do not discharge into drains or rivers. Methods and material for containment and cleaning up
Clean-up procedures
Wash the spillage site with large amounts of water.
Reference to other sections
Refer to section 8 of SDS.
Handling and storage
Precautions for safe handling
Handling requirements
Avoid the formation or spread of dust in the air.
Conditions for safe storage, including any incompatibilities
Storage conditions
Store in cool, well ventilated area. Keep container tightly closed. Avoid contact with water or humidity.
Specific end use(s)
No data available.
Exposure controls/personal protection
Control parameters
Workplace exposure limits
Not applicable.
Exposure controls
Engineering measures
Not applicable.
Respiratory protection
Respiratory protective device with particle filter.
Hand protection
Protective gloves.
Eye protection
Eye protection Safety glasses. Ensure eye bath is to hand.

Safety Data Sheet

www.glentham.com

.0	Physical and chemical properties
.1	Information on basic physical and chemical properties
	Physical Form:
	Colour:
.2	Other information
	Not applicable.
0.0	Stability and reactivity
0.1	Reactivity
0.2	Chemical stability
	Stable under normal conditions.
0.3	Possibility of hazardous reactions
	Hazardous reactions
	Hazardous reactions will not occur under normal transport or storage conditions. Decomposition may occur on exposure to condition or materials listed below.
0.4	Conditions to avoid
	Heat.
0.5	Incompatible materials
	Materials to avoid
	Strong acids. Strong oxidising agents.
1.0	Toxicological information
1.1	Information on toxicological effects
	Toxicity values
	Not applicable.
1.2	Information on toxicological effects Skin contact
	There may be mild irritation at the site of contact.
	Eye contact
	There may be irritation and redness.
	Ingestion
	There may be irritation of the throat.
	Inhalation
	There may be irritation of the throat with a feeling of tightness in the chest.
	Delayed / immediate effects
	Immediate effects can be expected after short-term exposure.
	Other information
 2.0	Ecological information
2.1	Toxicity
	Not applicable.
2.2	Persistence and degradability
	Biodegradable.
2.3	Bioaccumulative potential
	No bioaccumulation potential.
12.4	Mobility in soil
	No data available.
2.5	Results of PBT and vPvB assessment
	This substance is not identified as a PBT substance.

Safety Data Sheet

www.glentham.com

	Negligible ecotoxicity.
13.0	Disposal considerations
13.1	Waste treatment methods
	Disposal operations
	Transfer to a suitable container and arrange for collection by specialised disposal company.
	The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.
 14.0	Transport information
	This product does not require a classification for transport.
15.0	Regulatory information
	Safety, health and environmental regulations/legislation specific for the substance or mixture
	Not applicable.
	Chemical Safety Assessment
	A chemical safety assessment has not been carried out for the substance or the mixture by the supplier.
16.0	Other information
	Other information
	This safety data sheet is prepared in accordance with Commission Regulation (EU) No 453/2010.
