

## Product Specification

|               |                                                      |
|---------------|------------------------------------------------------|
| Product Name  | L-Glutamine alpha-(beta-naphthylamide) hydrochloride |
| Glentham Code | GM9296                                               |
| CAS Number    | 201988-95-6                                          |
| PubChem SID   | 310274236                                            |

|                   |                                |
|-------------------|--------------------------------|
| Molecular Weight  | 307.78                         |
| Molecular Formula | $C_{15}H_{17}N_3O_2 \cdot HCl$ |
| Storage Temp.     |                                |

HCl

| Property             | Specification                |
|----------------------|------------------------------|
| Physical Description | Off-white crystalline powder |
| Purity (HPLC)        | ≥ 97.0%                      |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2025-04-17 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
