

## Product Datasheet

### GP7582 - Crocetin

#### Product Details

|                    |                                      |
|--------------------|--------------------------------------|
| Product Name       | Crocetin                             |
| Glentham Code      | GP7582                               |
| CAS Number         | 27876-94-4                           |
| PubChem SID        | 310270542                            |
| Related Categories | APIs, Phytochemicals,<br>Carotenoids |

#### Glentham Product Specification

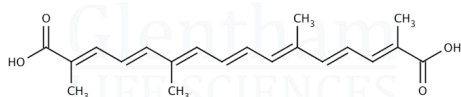

|                      |                         |
|----------------------|-------------------------|
| Physical Description | : Red to dark red solid |
| Purity               | : $\geq 95.0\%$         |
| Version              | : v1.0                  |

#### About Crocetin

No further details on record.

#### Structure

|                   |                     |
|-------------------|---------------------|
| Molecular Weight  | : 328.40            |
| Molecular Formula | : $C_{20}H_{24}O_4$ |

#### Storage

Recommended storage temperature: -20°C.

#### Hazards and Transport

Not classified as dangerous for transport.

|                     |                                                   |
|---------------------|---------------------------------------------------|
| CLP Classification  | Skin Irr. 2, STOT SE 3,<br>STOT SE 3, Eye Irr. 2A |
| Signal Word         | Warning                                           |
| Hazard Codes        | H315, H336, H335, H319                            |
| Precautionary Codes | P280, P261,<br>P305+P351+P338                     |
