

## Product Datasheet

### GS2001 - bis(2-Methoxyethyl) Ether, GlenDry™, anhydrous over molecular sieve

#### Product Details

|                    |                                                                           |
|--------------------|---------------------------------------------------------------------------|
| Product Name       | bis(2-Methoxyethyl) Ether,<br>GlenDry™, anhydrous over<br>molecular sieve |
| Glentham Code      | GS2001                                                                    |
| CAS Number         | 111-96-6                                                                  |
| EINECS             | 203-924-4                                                                 |
| Related Categories | Solvents                                                                  |

#### Structure

|                   |                                                 |
|-------------------|-------------------------------------------------|
| Molecular Weight  | : 134.17                                        |
| Molecular Formula | : C <sub>6</sub> H <sub>14</sub> O <sub>3</sub> |

#### Precautionary Codes

P210, P233, P240, P243,  
P280, P303+P361+P353,  
P403+P235

#### EUH Codes

EUH019

#### Pictograms

#### UN Number, Class, PG (RID)

UN3271 - 3 - PG III

#### Glentham Product Specification

|                      |                            |
|----------------------|----------------------------|
| Physical Description | : Clear, colourless liquid |
| Water                | : ≤ 0.002%                 |
| Assay                | : ≥ 99.8%                  |
| Version              | : v1.0                     |

#### About bis(2-Methoxyethyl) Ether, GlenDry™, anhydrous over molecular sieve

No further details on record.

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

|                    |                        |
|--------------------|------------------------|
| CLP Classification | Flam. Liq. 3, Repr. 1B |
| Signal Word        | Danger                 |
| Hazard Codes       | H226, H360FD           |
